With his trademark enthusiasm, Don Anderson once again draws on his years of experience in Bible-teaching, counseling and marriage to speak truth and encouragement to married couples. Don creatively presents marriage in “seasons,” each with its own distinct characteristics, blessings, and challenges.

Which season are you in regarding your marriage right now? Spring, Summer, Fall, or Winter? The Seasons of a Marriage provides tools and resources for husbands and wives to conduct an honest evaluation of where they’ve been and where they’re going.

Marriage Metamorphosis

Is your marriage growing as it should? Sometimes marriages grow into familiar routines instead of growing into the next stage of spiritual and emotional development as God intended. Don reveals how our marriage ought to go through stages of change in the same way that our individual relationship with Christ grows and changes over the years. As we become more like Christ, a godly marriage can likewise change and mature for the better. Marriage Metamorphosis is for couples in any stage of a marriage relationship who long for a deeper, richer experience with their partner.
