

To: Friends of Bible Teaching Resources (BTR)

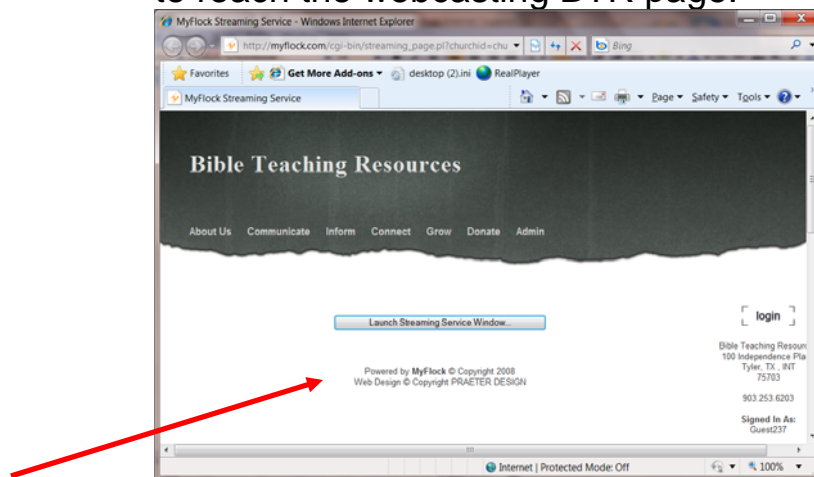

Live Bible Studies are now available in your home via Webcasting, **no matter where you are located**, provided you have:

- A. High-speed internet (DSL) connection and
- B. A reasonably new computer (PC or desktop)

Don started teaching Revelation last Monday night (5/3). Additional lessons will be taught the next 7 Monday nights at 7pm CST.

To log in and catch Don's live study, do the following:

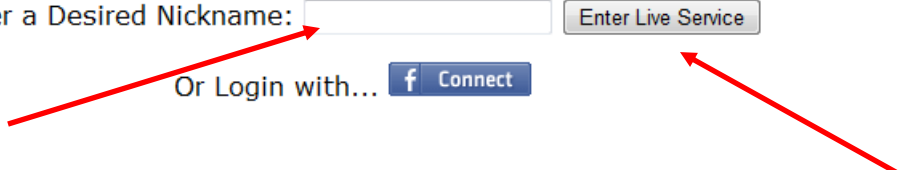

1. Click on http://myflock.com/cgi-bin/streaming_page.pl?churchid=church3261 to reach the webcasting BTR page.

2. Then, click on the "Launch Streaming Service Window" button on the middle of the page. A new page will open asking you to "Enter a Desired Nickname."

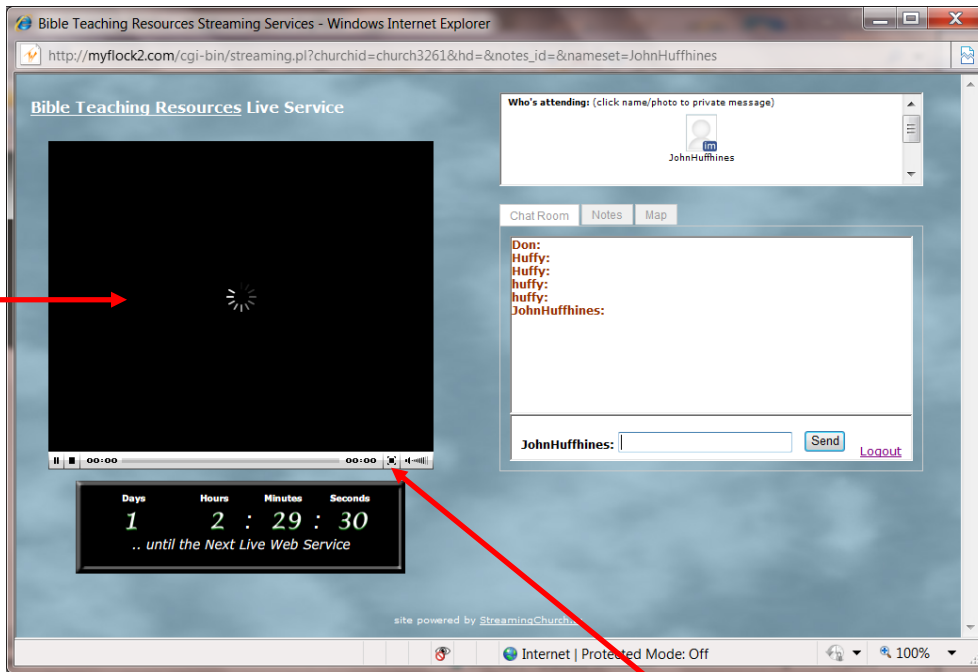

Enter a Desired Nickname:

Or Login with...

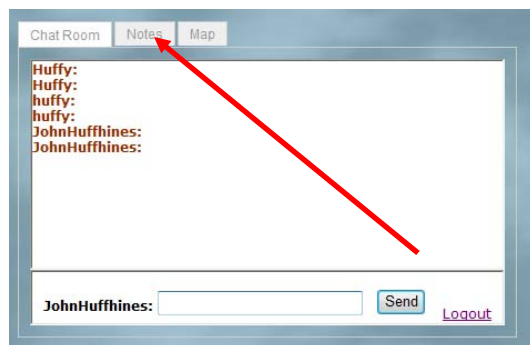

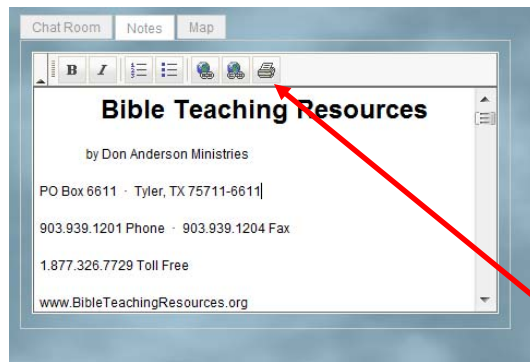

3. Just enter your name and click on the “Enter Live Service” button. At this point you are connected to the live class and should be viewing and hearing the live class. The class should be available at approximately 6:50pm on Monday nights.

You will be able to view Don in this window.

4. To enlarge Don's broadcast to full screen on your PC, click on the bull's eye in the lower right corner below Don. Use the ESC key to return to the BTR Live Service screen, where you can click on “Notes” to see study notes or click on “Chat Room” for comments / questions. There you can submit your own comments or questions for Don.

Use the **print icon** to print out the study notes, if you like.

5. If you have a large Bible Study audience of friends and neighbors, you might want to connect your PC to your TV or video-projector by using a SVGA cable.

For those who will not be available Monday night, we will be saving a copy of the Bible Studies and adding them to a media vault. We'll let everyone know as soon as they're available.
